ORGANISATION PROFILE

Established in 1992 in Warsaw, ENCATC is an independent organisation and the only European network in the field of cultural management and policy. Currently, it is made up of more than 100 member institutions in over 40 countries. ENCATC is an NGO in official partnership with UNESCO and an observer of the Council of Europe's Steering Committee for Culture.

Our mission is to stimulate the development of cultural management and cultural policy education in Europe and beyond, engaging and responding to new developments in politics, economics, societies, and technology.

Our members are higher education institutions, training centres, cultural organisations, public authorities, and artists. Since its creation, ENCATC cooperates in many ways with the Council of Europe, UNESCO, European institutions, and the European Cultural Foundation. As results of our internationalisation policy, ENCATC is also a strategic partner of the Asia-Europe Foundation, the Association of Arts Administration Educators in the United States, and the Taiwan Association of Cultural Policy Studies.

We believe cultural management and policy education, training, and research have the power to make the cultural sector stronger, resilient, and sustainable in Europe and beyond.
